### Lent Regulations: Fast & Abstinence

All Catholics who have reached their 14th year are bound to abstain entirely from meat on Ash Wednesday and all the Fridays of Lent. All Catholics between the ages of 18 and 59 inclusive are also bound to observe the law of fast on Ash Wednesday and Good Friday. This means limiting oneself to a single full meal and avoiding food between meals. Two other light meals, which together do not equal a full meal, may be taken during the day.

### The Church in Need

On **February 17**, a collection will be taken for "The Church in Need." The monies collected at this time will be shared among three areas of the world where there is particular need for help: Church in Central and Eastern Europe - the Collection provides support for basic pastoral programs and makes scholarships available for students studying to serve their local church. These students become vital participants in the renewal of the Church in the region. The Church in Latin America faces many difficult challenges. Natural disasters in many areas caused lasting damage to the Church, while a significant loss of parishioners to migration and to other faiths, the inability to support itself financially, and a lack of priests and religious to help effectively minister to the large number of Catholics continue to trouble the region. The Church in Africa - the funds will go to assisting African countries where poverty, sickness and political strife prevent people from living in dignity. Thank you for your generosity.

## Oppose Efforts to Further Expand Access to Abortion

### Summary

In April 2007, former Governor Eliot Spitzer submitted a Program Bill entitled the “Reproductive Health and Privacy Protection Act.” This bill would establish a “fundamental right to privacy” in New York statute to guarantee that abortion is protected and available. In the words of the former Governor, the bill would “ensure that New York’s women have the same or stronger reproductive rights as those currently afforded under *Roe v. Wade*.” Essentially the same bill was reintroduced in the 2011-2012 Legislative Session as S.2844 (Stewart-Cousins)/A.6112 (Glick), the “Reproductive Health Act,” and is supported by Governor Andrew Cuomo.

### Conference Position

Because of the Catholic Church’s fundamental teaching that human life is sacred from the first moment of creation, the Conference strongly opposes this legislation. The Conference believes that every human life must be respected in law, including the woman facing an unplanned pregnancy and the innocent unborn child she carries in her womb.

### Rationale

- This bill seeks to ensure that abortions are legal throughout all nine months of pregnancy if they are deemed necessary to protect the life or “health” of the mother. Courts have interpreted the term “health” so broadly as to include social, economic and emotional distress factors, rendering the term meaningless. Current state law says abortions are legal in New York through 24 weeks of pregnancy (Article 125 Penal Law), but outlawed after that unless they are necessary to save a woman’s *life*. Because of flawed court decisions like *Roe v. Wade*, this law cannot be enforced, so abortion is already legal in New York through the third trimester of pregnancy for reasons of life or “health.” This legislation ignores the state’s legitimate interest in protecting the life of fully formed third-trimester children in the womb.
- This bill would allow post-viability abortions to be performed on an out-patient basis in clinics that go virtually unregulated by public health authorities, endangering both women and unborn children. Moreover, the bill would not allow for the type of support facilities necessary to assist a baby who might be born alive in the course of an abortion.
- While the bill provides very limited conscience protection for individual providers, it could require every institution licensed or funded by the state – including religious hospitals, agencies and schools – to support abortion, provide coverage for abortion, or allow abortions to be performed. The bill declares that “the state shall not discriminate” against the exercise of the fundamental right to abortion in the “provision of benefits, facilities, services or information.”
- The bill could undermine successful programs such as the Maternity & Early Childhood Foundation. Because they “favor childbirth over abortion,” such programs could be ruled “discriminatory” against the fundamental right to abortion established by this bill.
- The bill seeks to make abortion virtually immune from any state regulation or restriction. Reasonable regulations such as parental notification for abortions performed on minor children, informed consent for pregnant women regarding the risks and alternatives to the procedure, and restrictions on taxpayer funding would not be permissible under the bill.

Yet all such regulations are completely permissible under *Roe v. Wade* and subsequent U.S. Supreme Court decisions, and a majority of states have enacted them. Thirty-five states require parental involvement in a child’s abortion decision, 32 states require counseling before an abortion is performed, and 32 states restrict Medicaid funding of abortion. The bill would completely shut down the legislative process with regard to the issue of abortion.

- The bill would repeal the requirement in current law that says only doctors can perform abortions. The bill would allow *any* health care practitioner to perform the procedure. This dangerous and extreme change clearly puts women’s health at risk, and mirrors a national abortion strategy to expand the scope of practice for various health care practitioners to specifically include abortion.

For all of these reasons, the New York State Catholic Conference strongly opposes this measure. It is unnecessary, ideologically-driven, and extremely dangerous for women, children and religious liberty.

*The Catholic Conference represents Timothy Cardinal Dolan and New York State’s Bishops in matters of public policy.*

## Statement on Abortion Proposal

Kathleen M. Gallagher, director of pro-life activities for the New York State Catholic Conference, issued the following statement in response to the promotion of a radical abortion bill by Governor Andrew Cuomo:

“Governor Andrew Cuomo’s re-packaging of an extreme abortion bill into a so-called ‘women’s agenda’ is a desperate attempt to push through an abortion expansion that’s been around for six years and has failed to gain traction as a stand-alone bill. Make no mistake, this bill, first championed by Eliot Spitzer, is radical and far out of the mainstream, even by the standards of New York, a state with an abortion rate twice the national average. It will permit more late-term abortions, allow non-doctors to perform abortions, and will preclude any reasonable restrictions on abortion like parental notification. Moreover it would permit the state to pull the operating certificate of Catholic hospitals and agencies that ‘discriminate’ by not performing or referring women for abortions.

“The extreme nature of the bill has seriously limited its support in the Legislature. So now the governor is attempting to tie it to important initiatives such as helping victims of domestic violence and human trafficking, and ending pregnancy discrimination in the workplace. He believes the ‘all-in’ strategy will make it harder to oppose. The public and lawmakers should not be fooled. We must not let victims of abuse and discrimination be held hostage to Governor Cuomo’s ideologically driven political agenda, an agenda that is extremely harmful to mothers, infants and religious liberty.

“An abortion expansion in New York State will not foster women’s health or women’s dignity. New Yorkers want their leaders to take action to decrease the state’s abortion rate and reduce the tragedy for women and families. We would like to work with them to do just that.”

## All Saints Regional Catholic School

On Sunday, January 27, the All Saints family welcomed many parents and children to learn more about the excitement that is going on at our Parish's Catholic school. Located in a venerable gothic style building, All Saints has been enjoying a revival of hope and spirit with its new administration and new vision.

Each of the five supporting parishes, including St. Boniface, held a family Mass at which a All Saints students and parents transmitted this good news and invited other to come and see what ASR has to offer. A large number of ASR students whose families belong to St. Boniface were present at our Mass.

Father Elias, ASR's Headmaster, celebrated the Mass for Saint Patrick's Parish. In his homily, he emphasized that Catholic education is a mission for all Catholics, whether or not they have children attending the school, because it is a work of social justice and a work of charity. Catholic education has the power to change the world for the better because it helps boys and girls to fulfill God’s purpose for them. He encouraged everyone to open their minds and hearts to the transformative possibilities presented to our communities through a vibrant All Saints.

After the Masses, alumni, families and students welcomed numerous visitors to see for themselves what is happening. With Smart Boards and smiles everywhere, the guests toured around the multilevel school currently decorated by ninety fascinating Global Church Projects created by the fifth through eighth graders to describe the Catholic Church throughout the world. As visitors met the faculty and staff, they learned about innovative plans for next year including a new grammar track for first-fourth grade to prepare for Latin in the fifth grade, a new geography initiative and finally, clergy taught religious education in seventh and eighth grade. With new plans for scheduling, looping and other forms of team teaching, the parents learned about All Saints’ implementation of a new Common Core curriculum.

After two joyous hours, the Open House drew to a satisfying conclusion after many new faces and new families had visited our school.
